

The school district boundaries displayed on this map were created as a result of a boundary review conducted prior to the 2000 and 2004 censuses. The Michigan Center for Geographic Information (MCGI), the Michigan Center for Geographic Information (MCGI), and the U.S. Census Bureau, in cooperation with each school district and intermediate school district (ISD) in Michigan, conducted a boundary review. Boundaries shown by the districts were verified and all the school districts' boundary maps or maps not have participated.

Information provided is accurate to the best of our knowledge and is subject to change as a result of a boundary review. While MCGI makes every effort to provide accurate information, we do not warrant the information to be authoritative. Complete, current, or timely information is provided for reference only and is not intended to be used for legal purposes. The State of Michigan does not warrant, make, or provide any warranty or representation of any kind, or any other damage resulting from the use and application of any of the contents of this map.

Please feel free to contact MCGI with questions regarding the boundary mapping process. However, it should be known that school districts and ISDs are the official authorities regarding school district boundaries. If you believe that there may be an error in a boundary, please contact the affected school district and ISD for clarification and possible resolution. MCGI will welcome the opportunity to incorporate additional boundary information into a subsequent boundary review.
